STORY

北辰会館の主催する全日本空手道オープントーナメントは、空手以外の猛者たちも続々と勝ち上がり、かつてない怒濤の盛り上がりを見せていた。グレート巽の秘蔵っ子、鞍馬彦一は北辰館のエース・立脇を事もなげに破り、ヘビー級ボクサーのチャック・ルイスも危なげなく二回戦へコマを進めた。そして「寸止め」の伝統派空手・神山徹、レスリング・畑中恒三、古武道の畑幸吉、日本拳法・椎名一重、サンボ・仁科行男。北辰館からは、かろうじて遠野・君川・工藤…いやもう一人。北辰館の伝説中の伝説、姫川勉がその震えるほどの実力を見せつけ、勝ち上がったのだった。

IS THAT TRUE?

JUDO CANCELS... KARATE?

THAT DEPICTED IN HEROIC WAYS HOW JUDO WAS SUPERIOR TO KARATE...

THERE WAS AN OLD NOVEL "SUGATA SANSHIRO" THAT WAS VERY POPULAR AND MANY MOVIES, TV SHOWS AND COMIC BOOKS WERE CREATED...

WELL... MAYBE PEOPLE CAN REMEMBER ...

UNTIL THE YOUNG JUDO MASTER SANSHIRO WOULD DEFEAT HIM MASTER-FULLY WITHOUT BEING EVEN HURT ...

大酒のみの空手家がいた

HOW AN ABUSIVE, DRUNKEN KARATEKA WOULD MAKE EVERYONE SUFFER...

BUT WE ARE THE NEW GENERATION OF JUDO MASTERS...

HA, HA, YEAH, I HEARD ABOUT THOSE OLD STORIES...

IT HAPPENED A FEW YEARS AFTER THE WORLD WAR II, THAT'S WHY I KNOW JUST A LITTLE ABOUT IT....

THOSE STORIES WERE POPULAR FOR ABOUT TWENTY YEARS OR SO, VERY NOSTALGIC AND GIVING MARTIAL ARTS A MAGICAL EFFECT, LIKE A HIDDEN POWER OR SOMETHING...

STARTED WRITING SOMETHING VERY DIFFERENT ABOUT IT...

BUT ONE ARTIST THAT I KNOW, A PLAY WRITER NAMED IKKI KAJIWARA...

主人公 彩
HE STARTED WRITING
THAT KARATEKAS HAVE

IF I AM SAYING THAT JUDO CAN CANCEL THE POWER OF KARATE AND WRESTLING ...

SO TRUE.

THAT'S GREAT!

HOW CAN I SAY THIS... I WANT...

HA, HA, HA... NOT REVENGE, IS NOTHING LIKE THAT... ACTUALLY....

SO MR. KOSEI, ARE YOU GOING TO HAVE YOUR REVENGE ON KARATE AND WRESTLING TODAY?

THE HANMA BAKI & GAROUDEN NEWS COLUMN

VOL 20

02/14/09

It happened once again, for the ones that don't remember, once upon a time, there was an excellent chance to advance the manga translations in such a fast way but we were strapped for cash, after a big effort, we achieved the goal and we released the books we wanted it so much, and everything went smoothly back then

We weren't really ambitious at the time, didn't we? We only had one title and twenty something books to release, but now almost five years later and a few goals reached, we are asking ourselves
*what else is there to achieve

The community of the WFP has been always supportive and after all these years, don't feel tired of working on these books at all, don't regret all those hours editing text, coordinating and finally emailing everyone the final product that would be the official title released, every book demands a minimum of 10-12 hours from start to finish, but after two days of releasing a new one, I miss already start doing the next ones, and all your emails of encouragement really mean something to me.

The big announcement and the big challenge that the WFP is facing in 2009 is this one

- I want to finish Baki the grappler 1-42 and the Toba vs Igan special before 2010
- If Enough funds are available between February and March, I will upgrade to a minimum of 3 books monthly (2 Baki items, one Ikari extra) and whenever possible, I will add more books for you.

On Xmas 2008, I had the pleasant surprise to meet Natsudasuki, a translator versed in four languages that wanted to do some translations for the WFP, she was assigned to do the side story "Aragami" and continued with the chapters of Hoyland vol 4, worked a few chapters of the weekly edition and surprisingly, she was always one step ahead of me, I gave her two weeks deadline and she finished in two days, gave her a week, she finished it next day, asked her for a translation for tomorrow, she finished it in 4 hours, and one thing I never do is ask for "same day translation"

But her real challenge was when I gave her a full volume translation, the coveted "Baki the grappler vol 6", I told her "have it whenever you want, but you get paid when it's done" and suddenly, though it was a joke when she finished it exactly two days later, and the quality jumps in front of your eyes.
I wanted to see how far she could go and I arranged "rounds" with her, so I would pay her every 4 books she finish and that would be a round, and we will count them to see how fast we would go.

I manage the funds of the WFP so we order in advance at least two or three scripts of the series we want and then stop ordering scripts to our available translators, giving them enough time to rest and ordering back after a few releases, but with Natsu-chan, is like having a full time translator just for us, and she told me what the reason was, and that was when I thought of the new Challenge of the WFP in 2009

Natsudasuki won a scholarship in the university of OSAKA, Japan for a year, and simply the money I was using for translations, she is saving it for the japan trip, and we both agreed in a challenge that might benefit all of us in the long way, and Natsu is, officially a full staff member of the WFP instead of just a "translator for hire"

Every "round" of translations cost $120.00 (four books at 30.00 each) she pays her own sending fees (usually we pay for it too, that's nice of her) and we started from Book 7-10 (round one) and I have to tell you, between the releases of Garouden 15 and 16, she finished 3 rounds in 12 days!! and right now, she is working at a way slower pace waiting for your response from the poll "how bad do you want Baki the Grappler?" so far the majority of the fang members want a full collection before Itagaki finished his story, I changed my mind too, I realized, just love to work for the WFP releasing more, giving more, completing more, gives me a real joy, I discovered that when I was in Chile, really, Don't have other major hobbies besides playing a few games, watching Tv and movies with my girlfriend, and all my friends are so far away that really find my joy when I'm working on the books, I discovered that WFP means a lot to me and will not take anymore trips, no more vacations on 2009, all of it, will go on work, WFP and my girlfriend, for once in my lifetime, will dedicate 110% to this project and if you think I don't have the drive, just remember the Xmas 2008, how many books were in there? Imagine us going to the next level now, was avoiding Baki the Grappler, it's true, was just so hotheaded on continuing the story but got that!! got what I wanted from the WFP and even better, the weeklies from japan, we are there too! So, watching how Garouden is running out fast and the current Hanma Baki books show less and less how Baki is in action, It was a refreshment to think, gotta work on "Yuujiro vs Doppo" in the "Baki the grappler" volumes, and Natsudasuki just finished Grappler Baki volume 20, so that's our starting point.

On the next week, I will start a fund raiser campaign called "The grappler challenge, all Baki in 2009" from Sunday February 15 until March 28 2009. Our goal is to Raise at least $700.00 to $1000.00 in two months, this is not free money!! this is to pay for as much translations as Natsu can translate, not only grappler, but that comes first), the funds will go to pay her assignments and she will translate in the actual time, any books we need from her, you will receive the news of her working status as we go, donations won't be the only source of cash, I am selling all my cool stuff to raise the money, my manga collections, my Baki toys, some of my dvd sets, The weekly shonen champion used to scan the Baki weeklies, Hydra632 wanted to donate some extra stuff, also it's possible that an artist from japan will make us an exclusive poster of Baki vs Yuujiro as a special commission for the WFP, I to sell it and raise funds for this project.

If we achieve this goal (Grappler Baki scripts will be completed in march), I will guarantee the release of a minimum of three books monthly, and the possibility of more sometimes (after all our goal is all grappler before 2010, and with this Natsu agreed to be our "agent in japan" meaning that you can order anything you want from yahoo japan or Anime stores for a small fee and she will send it to you.
I will be your assistant so I will make sure that you get your stuff (inside the US)

But then again, It will be so cool that the WFP makes history like this, everybody knows that eventually WFP will be over once we achieve our goals, so this is the time for action, and WFP will stay strong for the next 6 years, please help me making this happens!!

More polls are on the way!!

thanks and I will be contacting you via email soon!!
